SUMMARY

Aspiring Computer Engineer at Istanbul Technical University with a proven track record in software development across Java, C++, and modern web frameworks such as Next.js. Currently co-leading the architecture of a decentralized fintech project, **DeChat**. Combines academic rigor with a hands-on, problem-solving mindset and thrives in collaborative, fast-paced project environments.

EDUCATION

Istanbul Technical University **Istanbul, Turkey**
B.Sc. in Computer Engineering — 3rd Year *Expected 2027*

- GPA: 3.37 / 4.00

Halil Kale Science High School **Turkey**
